Remarks

1. This Standard Premium Schedule does not include levy which is collected by the Insurance Authority. Please visit www.ia.org.hk/en/infocenter/faqs/faqs_levy.html for details.
2. Premium rates **are not guaranteed** and **are yearly adjustable** based on the territorial scope of cover, deductible, plan type and attained age of the insured person at the time of plan renewal. We will determine the relevant premium rates on a portfolio basis based on several factors, such as our claims and persistency experience, medical price inflation, projected future medical costs and any applicable changes in benefit.
3. The premiums payable at each renewal are subject to the prevailing Standard Premium Schedule. The listed standard premiums above are not indicative of the future standard premiums. We will send out a written notice to the policy holders before each end of policy year regarding the actual premiums payable (including premium loading, if applicable) and levy of the coming year.
4. If your premium is paid on a non-annual basis, the modal premium amount will be equal to the annual premium multiplied by the modal factor as shown below:

Payment mode	Half-yearly	Quarterly	Monthly
As a standalone plan or as a rider attached to life insurance products (except for investment-linked products)	0.5150	0.2620	0.0892
As a rider attached to investment-linked products	0.5000	0.2500	0.0833

5. If you choose USD as your plan's currency, we will convert your premiums payable to HKD equivalent at the prevailing currency exchange rate as determined by us in our absolute discretion from time to time upon payment.
